

Mary Fons
Workshop Friday August 4, 2017
Gloria Dei Lutheran Church

Giant: No-Fear Partial Seams
A **technique** workshop with partial seams

Supply List:

- ✓ Sewing Machine in good working order
- ✓ Basic Sewing supplies: thread matching fabric, filled bobbin, fabric scissors, snips, pins
- ✓ small mat, ruler and rotary cutter
- ✓ Fabric choices – see below from Mary Fons – at least 5 fat quarters or fabric from your stash – bring enough fabric to play with

"For the Sweet Pea Block they can work with red and white if they wish; if they choose to play with red and white, they need to pre-wash those fabrics.

If they would like to play with other colors, which most will, they should bring a selection of fat quarters to class. The class, I believe, is 3 hours, so just bring enough fabric to keep you interested and enjoying options for that time.

Now, because it is a no-no to mix prewashed and non-prewashed fabrics in a quilt top, if you want to use your red and white AND play with other colors, you need to prewash those other fabrics. If you're not a pre-washer, this can be annoying, because what if you don't end up using those pre-washed fabrics? I've considered this, of course.

I will bring some extra pre-washed fabric to class with me so everyone will have options if they want to move past red and white into colors. But of course, you can prewash some fat quarters anyway and if you don't use them, give them to a fellow quilter who is one of those prewash people. ;)"
